16. Please explain your ratings above, especially if you have AI tools for "other" types of work. *

I used text ideation to help me generate some ideas for risk management, especially high risk, which when I got an idea, I further researched on my own then decided if this was a good fit or not. I also used AI to help me formalize my ideas into proper sentences, as I was having some trouble explaining some things in proper and formal sentences in the document.

17. Please provide use this space to provide any other information that you'd like to disclose (optional)
